Concept

THE BIGGER PICTURE:

- Something a bit different to the usual CS/ UCT hoodies
- Lean into the ‘dark mode’ aesthetic
- Patagonia-inspired screenprint/ fine embroidery
- Simple sleeve detail
- True to what it means to be a CS student (e.g. late night coding vibe)

Design Notes

- Depicts campus at night, since coding for honours definitely takes place at this time

- Only the lights in the approx. area of the honours lab are illuminated ☺
